Cordeb'Art - le Fanzine des 18 ans

# EDITO

*Il y a 5 ans, il était difficile d'imaginer que l'IA allait se retrouver partout dans nos vies.*

*Et aussi surprenant que cela puisse paraître, l'art a été un des premiers terrains de jeu de l'IA générative.*

*Est-ce la fin des artistes humains ? Je ne pense pas.*

*La création est au moins aussi importante que le résultat quand on crée.*

*Et si l'IA performe bien à réaliser des images rapidement, elle peine à faire de l'originalité, à casser les modèles pour en créer de nouveaux.*

*Et in fine, n'est-ce pas cela l'intérêt de l'Art ?*
